

San Diego Surf Cup XXV 2005 Results

The 25th Annual San Diego Surf Cup follows a world-class format for play. In most age groups, there are four brackets of four teams. Each team plays the others in Bracket and the top two teams advance to Quarter-Finals. Winners advance to Semi-Finals and then Finals. Semi-Final and Final games are played on Monday.

Quarter-Final, Semi-Final, and Final games cannot end in a tie. After overtime, games remaining tied will be decided by FIFA penalty kicks and those scores are noted in brackets [PK]. In some age groups, there are only two or three brackets and therefore, teams advance from bracket play directly to Semi-Finals with wild cards.

Teams are identified by their home city and State (or country) as well as their soccer club/team name.
